Wired to Know: Listening in the Age of Intelligence

The Explorance World 2026 Keynote Series

JUNE 16 - 19, 2026

JUNE 17 | 9:00 AM

What If They Never Answer Again? And What if That's Not a Crisis?

When Silence Speaks

As response rates decline, Samer Saab reimagines the future of surveys and listening—shifting from chasing answers to building cultures people trust enough to speak within.

Samer Saab
Founder & CEO, Explorance

JUNE 17 | 2:40 PM

Explorance Feedback Analytics – Product Vision and Roadmap.

Discover the next evolution of Explorance: a resilient, admin-first platform experience with streamlined workflows, powerful integrations, and MLY-driven intelligence built for confidence and control.

Zelbrey Bedard
Chief Product Officer

JUNE 18 | 9:00 AM

AI as Normal Technology

Adapting to the AI Moment: A fresh perspective on AI as a general-purpose technology—and how higher education and workforce leaders can turn disruption into opportunity.

Arvind Narayanan
Computer Scientist and Professor

JUNE 18 | 1:00 PM

Building Holistic Teaching Evaluations: Strategic Approaches for Systemic Transformation

Grounded in research and real-world evidence, this panel reveals how modern evaluation practices can transform teaching, learning, and institutional performance.

Dea Follmer, Noah Finkelstein, Gabriela Weaver, Ann Austin

JUNE 19 | 2:40 PM

Bringing the Human Touch to Technology

In a world overflowing with feedback, the real advantage belongs to organizations that use technology to elevate human understanding — not replace it

Shawn Overcast
GM, NA Enterprise Solutions & Thought Leadership
